

To whom this may concern,

My name is Stefan Halbig and I am leading the Process Mining Practice at Accenture for Austria; Switzerland and Germany.

I write this letter as a formal recommendation of Renan Ribeiro Euzebio Filho, since I was his reference for a school assignment about the company where I work.

Above all, some features that caught my attention are his excellent communication skills (demonstrating proficiency of the English language), self-confidence, creativity and an impressive degree of critical thinking.

These are characteristics I consider to be extremely important for critical analysis and for creating suitable solutions.

Knowing Renan as a person, and as someone who is recruiting people himself, I can certainly recommend Renan for a business related bachelor program at an institution for higher education.

If you want to know more about Renan or my professional experience, please do not hesitate to contact me.

Thank you and best regards,

Stefan Halbig

Danke und mit besten Grüßen / Thanks & Best Regards,
